

# Comfort the Efficient Way

**Heating and  
Cooling Supply**

[www.fujitsugeneral.com](http://www.fujitsugeneral.com)

**NSi**

**Fujitsu ductless mini-split air conditioners and heat pumps offer year-round whole-home comfort in most climates.** As much as half of the energy used in your home goes to heating and cooling. So making smart decisions about your home's heating and air conditioning system can have a big effect on your utility bills — and your comfort.

**FUJITSU**

- **No Ductwork Means No Duct Loss!** Halcyon systems lose less than 5% cooling vs. up to 40% for traditional forced-air systems.
- **High SEER Ratings** Increased ratings up to 26-SEER mean lower utility bills.
- **Individual Zoning** Allows you to heat or cool the areas you want, and not the areas that are unoccupied.
- **Rebates from Utility Companies** To encourage customers to buy energy efficient products, many local utility companies offer rebates for the purchase of ductless mini-split systems.

**Heating & Cooling Supply and NSi Supply**

21 Locations in the Southwest serving your for over 50 Years
